

Executive Director: Alexandra Meda | Director of Artistic Development: Miranda Gonzalez

Below you will find our Script Submission Guidelines. Currently we do not accept script submissions outside of the Lunadas New Works Lab and its Reading Series. This reading series was developed in order to expose Teatro Luna to new works by artists, since before its launch in 2009 Teatro Luna only produced works created by its ensemble or single-author works written by company members.

Thank you in advance for your submission! We look forward to reading your work.

Reading Series Interim Director,
Alyssa Vera Ramos
